Dear Mr. May:

As you will recall from our conversation last Spring, it is our desire to transport 4th period Scouts returning to Chicago on August 23, about 10:30 in the morning instead of in the afternoon as in these previous periods.

I met Mr. McKay at the Siding Monday and asked him to pass on to you this information:

(1) The train should be at Scout Siding on August 23, Lakewood gravel crossing, at 10:30 in the morning. We will load Scouts at that time, hoping to leave by 11:00 A.M. This should bring the train into Chicago around 6:00 in the evening.

(2) Our records indicate approximately 530 persons will ride the train to Chicago.

Very truly yours,

Jack M. Pers

COOK'S

Dear Jim:

I hate to be the bearer of bad news - but Harry Mason the cook that was to come up on Saturday - June 26 misunderstood the salary quotation. He thought $310.00 was for one month. He will come up for June 26 to July 4 if you want him too. He is to call me between 12:00 and 2:00 P. M. tomorrow (June 25) for an answer. He said he has been making $85.00 per week. He has a job coming up on July 5th.

Here goes for some more bad news. Mr. and Mrs. Murrell will not be coming either. They have found another job in Chicago.

Don Burch did not get a medical blank, but he is going to be examined by his family doctor and take a memo with him. There will be a doctor up there to recheck him, will there not?

Alan Zelinsky was advised to buy a train ticket for Saturday June 26 and he has with him a request for refund on his Camp fee and 3rd period transportation. We did not know what could be done about his reservation fee so advised him to see you.

I have just put through a csll for you, but this will confirm the message. I am very sorry to be the deliverer of such news, better next time.

Ellen

Please send down 8 milk cans on Saturday train.

Mark cans for attention Mr. H. E. Hay - Grand Central Station - Cans property - Owasippe Scout Camps.

Send Baggage man - Candy man. Suggest he bring large lock boxes of candy to value of about $80.00 retail. This should be about right for 800 riders averaging 10¢ sale to each. He can check candy boxes at station. Let Baggage man use his own staff ticket for Muskegan to Chicago. He then secures a round trip transportation order to replace it from Chief Train Leader. By this means the Owasippe Scout Camps save money by using Special Rate tickets.

Please instruct Baggage man to report to Scout Train Leader at Grand Central Station at 8:00 A. M. Chicago Time. His post of duty is at Baggage Car prior to train leaving. After train leaves 92nd Street he can arrange candy sales on train through Troop Leaders. (Do not permit Scouts to go through).

Please look around Owasippe warehouses for four (4) or five (5) wicker baskets with shoulder straps. These baskets were formerly used by our candy salesmen on the Trains - if found send along with candy.

Jack Perz

Jack Perz presented camp registration figures as it stands at the present moment indicating 2803 boys now paid in reservations for camp with a total of 79 leaders. The first three periods at Camps Beard, Stuart, and West seem to be rather substantially filled, but the 4th period at all camps still needs a considerable number of boys. Camp Belnap has 14 boys registered for 1st period and 7 boys for 4th period.

There followed considerable discussion with regards to promotion techniques thus far employed and as to what might be done between now and the opening of camp and preparation in the event we do not have 3000 boys. Camping Service will prepare a revised budget based on 2750 boys to allow for a reduced attendance as compared with the current budget predicated on 3000 boys in camp.

South West District has 95% of their quota, North Shore has 91%, and they both believe they will easily fill the balance of their quota, but the remaining districts are considerably short of their quota as we reach the first period at camp. It had been felt that we would be on more secure ground had there been 3000 boys paid in for camp at this time of writing. All efforts are to be continued along the present line, additional contacts made, more encouragement for units not already registered to get in as early as possible.

There then followed discussion with regards to Camp Belnap and the small attendance which now seems to be indicated for the 1st and 4th periods. This brought about considerable discussion and questions as to the possibility of securing more boys, and what to do with regards to camp staff. It has been cut in previous years, should the cut be made this year? Mr. Gray moved that the 4th period at Belnap be eliminated and that the question of opening the first period be referred to the Executive Board for their action. Mr. Dierssen seconded the motion and it was carried unanimously.

Mr. Jack Conley then discussed what efforts had been made thus far with regards to possible sale of the Crete Farm, that is, all except 85-100 acres of wooded area which would be reserved in any possible future sale. It was

understood, of course, should a favorable offer be found for the disposition of the property it will be brought up before the Camping Committee for recommendation to the Executive Board.

Respectfully submitted,

To: Mr. James Connell

Chicago Council of Boy Scouts

9 W. Washington Str.

Chicago 2, Illinois

Date July 14, 1948

Naturalist service will be furnished by the Forest Preserve District to the day camp to be operated by your organization:

Boy Scouts of America
(organization)

at Owasippe Camp (Michigan)
(location)

on the following dates:

Thursday August 12 - Saturday August 21 (both inclusive)

Kindly have your children organized in groups of 25 or 30 (no more than 30), according to age level, each with an adult leader, and have the first group ready to report to the naturalist at the Day Camp Director's headquarters at _____.
(time)

Forty-five minutes after the starting time, the next group should be assembled and ready to take their trip into the field; and so on with each succeeding group. Each group must be accompanied by a leader while on a field trip.

We urge that the children wear clothing that gives them full protection from poison ivy, briars and insects. Shorts and T-shirts are not considered suitable for outdoor activities of this kind. Slacks, levis or overalls are recommended. Sturdy shoes are very important. Appearance is far less important than comfort. Stout old clothing is preferable.

On days that naturalist service is furnished, all other camp activities should be related to nature. We suggest the use of two of our publications written specifically for this purpose: "Nature Games & Projects for Day Camps and other Youth Groups", and "Suggested Nature Enjoyment Activities for Day Camps". If you do not have copies of the two publications mentioned, we will gladly furnish you with them upon request.

The day camp director should have insect repellent on hand in case mosquitoes become a serious nuisance.

The naturalist will be Dr. Verne O. Graham
Chicago Council of Boy Scouts will forward railroad ticket (Chicago to Muskegon, Michigan) to FPD office. Dr. Graham will leave (about) 4:00 p.m. Thursday, Aug. 12 on Pere Marquette RR (Grand Central Station) and will be met at Muskegon, Michigan.

MEMO TO THE EXECUTIVE STAFF

July 16, 1948

1. The Chicago Council Court of Honor will be held at the Simpson Theatre Sunday, Nov. 7th for the purpose of awarding Eagle - Ace - Quartermaster and Ranger Badges. The Sponsor for this first class will be Dr. Herold C. Hunt.

2. These Courts are to be scheduled each fall and spring and will be the only time when these badges will be presented.

3. At this time a letter will be sent to each Life Scout and a copy to his Scoutmaster where the Scout held such rank prior to April informing him of the November 7th event - encouraging him to finish up his requirements prior to October 1st, including the Troop Board of Review. The District Eagle Interviews will have to be held before October 10th in order to handle the paper work with the Home Office.

4. It is the desire of the Chairman of the Advancement Committee that encouragement be given to these Life Scouts who are not too far from the Eagle Goal. He requests in particular that Camp Directors make specific notice to those in camp early each period, either at the mess hall or at camp fires - plus leaders' meetings. Bulletin Type notices are to be furnished the Owasippe Office for distribution to the local camps.

5. Please bear in mind now and in the future that the Court of Honor will be the only time when these badges will be awarded. No exceptions will be made. Please do not encourage any deviation from this procedure. This ceremony is one we have needed for many years and we must all cooperate to make it a beautiful and solemn event that will impress each Eagle - Ace - Quartermaster - Ranger and his parents. Each candidate for the rank will be told at the Interview that he is an Eagle from that date on as an Eagle Designate, but will not be recognized and will not wear the badge until he receives the award at the Court of Honor.

G. Report Number 7 - Form 175 - Leader's 2 Weeks in Camp Certificate Lists - Only one copy was received at the Owasippe Office. Please fill out in duplicate.

H. Report Number 10 - Form 117 - Medical Report (Doctor) - Only one copy was received at the Owasippe Office. Please fill out in duplicate.

I. Report Number 11 - Age-Rank-Season Study - Forms 173-223-223a - Please see page 9 of the Clerk's Manual. "It is the clerk's duty to prepare a summary of the information given on these cards." Please fill out in duplicate.

Page 15 of the Clerk's Manual gives a partial list of the forms used by the various camp clerk's.

As you will note on the initial form distribution sheet sent to Camp Belnap, you will find that forms 223 and 223a were sent through at that time. Requisition blanks were also forwarded to Camp Belnap so that they could order any needed material and forms. Two written requisition blanks were received so far this season. One on July 13th asking for carbon paper and thumb tacks and the other on July 20th asking for typing paper and clips. Another was taken over the phone by me on July 24th asking for file folders, form 167, form 173 and form 35. All requisitions received for clerical supplies were filled except for the thumb tacks (because they were out of stock - and the clerk was requested to use scotch tape until another order could be sent through).

I am returning the second period cards so that these reports may be compiled at once.

SUBJECT: CHANGE IN WEEKEND PLANS, JULY # 31 & Aug. 1.

Last night at a meeting of the key men of the Triangle Finance workers I learned that four of the men desired to leave Chicago Friday evening instead of Saturday morning. These four would arrive at Owasippe approximately at midnight. I shall be one of the four.

Will you please make arrangements for us to have sleeping quarters Friday night ? Just leave a note on the bulletin board outside of the O.O. Office and we will find our quarters.

Many thanks, BIll.
